CITY AND VICINITY.

Rev. D. R. Drukker occupied the pulpit of the East Saugatuck Reformed church last Sunday afternoon.

Wm. D. D. Rottschaffer & Son, the contractors, have been awarded the contract for the building of a new Methodist church at Allegan to cost \$12,997.

S. Reidsma, who moved some time ago to Hot Springs on account of his health writes that he is greatly pleased with the place and that the baths are doing him much good. He has purchased property there and expects to make Hot Springs his home.

If anyone desires to eat grapes he is invited to the Bosma vineyard at Ottawa Beach where a number of acres are covered with twining vines loaded with the choice fruit. Many people have already visited the vineyard and report the grapes to be of excellent quality.

During the summer the public school buildings have been connected with the sewer, and new water pipes have been laid, so that the schools are in a sanitary condition. Contractor J. B. Fik who completed the work this week is now at work, with a force of twenty men, on the construction of Sixth street sewer. This sewer will extend from Central to River street.

Hazing has become a popular pastime for the senior class of the Allegan high school, and last Tuesday evening Earl Sturges, a junior, was accosted by a number of the class who proceeded to cut his hair. The job is said to have been complete although not to the young man's liking. This practice may be great fun for the boys but it is dangerous, nonsensical, and should be stopped by one means or another.—Allegan Gazette.

The report that State Senator W. D. Kelly, of the Muskegon-Ottawa district is a candidate for Lieutenant governor is not true. He says also that as he has served in both the house and senate, and his second senatorial term is up now, that he will get out of public life. Looking at his public career he says: "As I look back upon my service I recall much that is of interest but it has been without any pecuniary gain. No man can go to Lansing and serve for \$3 per day and quit with anything saved. The state should put the legislators upon a salary and make it sufficiently high to compensate for the time and work put in."

What was long known as the Holland tea rusk will be launched under a new name and will commence a new career. B. Arendshorst & Sons have greatly enlarged their building and will manufacture their goods on a large scale. The name by which they will hereafter be known is "Holland Health Biscuits." They will be placed in fancy cartons of a dozen each and will be recommended as "delicious, nourishing and healthful, developing brain, nerve and muscle energy; manufactured with special care from the best material, recommended as light, healthful and nutritious food for infants, invalids and every member of the family."

Probate Judge E. P. Kirby, county agent William Whipple, and poor superintendents, Alexander Noble, William N. Angel and Arthur Van Duren, inspected the county jail today, and have filed their report with the county clerk. There have been 241 prisoners confined in the jail at different times since the last inspection. But one woman has been imprisoned and she was held for assault with intent to do great bodily harm. The remainder of the prisoners were all males and they were held on the following charges: drunk, 112; disorderly, 21; drunk and disorderly, 2; assault and battery, 10; vagrancy, 54; burglary, 6; jumping moving trains, 17; bastardy, 2; larceny, 9; indecent liberty, 1; fast driving 2; attempted larceny, 1; contempt of court, 1; insane, 1. The inspectors found the bedding, cells, halls and sanitary equipment all in good shape and they reported favorably upon the management. The inspectors recommended that a padded cell for insane patients be put in and wire screens be placed in the windows. On the whole the county jail was found to be in very good shape.

The Ladies Guild of Grace church was entertained last Wednesday afternoon by Mrs. Peter Brown.

The schooner Richmond cleared Saturday after bringing a cargo of lumber to the West Michigan factory. She is one of the largest schooners that visits this port.

In the place of F. S. McCabe, who is now cashier for the balance of the season in the G. & M. company's Chicago office, Mr. Mulliken, the "Dowie" of the G. & M. line, has been appointed.

Frank Smith who has proven a popular and reliable pitcher during the past ball season has accepted employment with the Holland Gas company. The boys will be glad to have jolly Smith with them this winter.

The rye harvest in Ottawa county this year is greater than ever before. Ottawa county has for years led the state in the production of rye and year by year the acreage grows. This year will come pretty near being a record breaker.

By the laws enacted by the Michigan legislature human life is more carefully protected. The hunting law provides a penalty of ten years imprisonment and \$1000 fine for the accidental killing or injuring of a human being while hunting.

The first man heard of that will have to face the new law which makes wife desertion a criminal offence is James Allen of Allegan. He was arrested in Chicago, on his wife's complaint. Allen was accompanied by Mrs. Mayme Johnson, who is his wife's stepmother. At the time Allen married he was hesitating between the two, who are nearly of an age, but after the knot was tied decided he had made a mistake. They protested they had intended doing nothing wrong, but wanted to marry after he should get a divorce.

Simon Van Regenmorter passed away at 1:30 last Friday morning at the home of his brother, Capt. Peter Van Regenmorter, keeper of the light house at Macatawa Park. He was 66 years of age, and had been an invalid for several years. The deceased came with his family to Ottawa county in early days, and located near Drenthe. He never married and for the past two years has lived with his brother at the Park. Capt. Van Regenmorter has been keeper of the lighthouse for over a quarter of a century. The funeral was held from the captain's residence at the Park Monday at 11 o'clock. Rev. J. H. Karsten officiating. Interment was made in the Gelderland cemetery.

The greatest holidays of the Jewish people are now being celebrated. They are the Jewish New Year and Day of Atonement. The first occurred last Tuesday, while the latter comes ten days later. The new year will be numbered 5664, the Jewish calendar dating from the creation, which is reckoned as occurring 3,763 years and three months before the birth of Christ, from which event the Gregorian calendar is computed. There is no Hebrew congregation in Holland because of the comparative few of that nationality in this city. Those here will no doubt unite with the large number of Israelites that have gathered at Chicago where the events will be duly celebrated.

Jim De Pree who is taking a course of study at the U. of M. this year, and who is the boast of Holland athletes, has bright prospects of making the eleven that will represent the U. of M. this year. The G. R. Post comments on him as follows: "A new man that may make good for the U. of M. eleven is Jim DePree, first baseman of Holland's crack baseball club, one of the best all around athletes in the city and a good fellow without an enemy. He played half back on the Holland independent team for several seasons and his clever work was a feature of almost every game the team played. Last year and this year he played first base for the Holland in all the games played by the team, except in Grand Rapids, refusing to play Sunday games. In the famous ten inning game that the Holland team played with All Americans at Grand Rapids last fall, DePree made four hits off the delivery of the great Bernhard. He is a brother of Con De Pree, who managed the Holland baseball team last year and won the undisputed independent championship of the state. Reports from the training quarters of the team at Ludington would indicate that DePree is making a good impression and Coach Yost is reported to have said that the young Hollander has good chances of making the regular eleven."

McKinley, the horse owned by Mr. Boone of Holland, is one of the four that made the 2:07 trotting race record of the year.

J. Bolt has been appointed janitor of the Ninth street Christian Reformed church to fill the vacancy caused by the death of L. Bloemsa.

A special meeting of the Hope church Aid society will be held Tuesday, Sept. 29, at the home of Mrs. Wheeler, corner Columbia avenue and 10th St. A good attendance is very much desired.

It is reported that the sugar beets in this vicinity have been a good deal retarded on account of unfavorable weather. The percentage of sugar in the beets does not exceed 13, and even as low as 10 and 12 have been registered. It is generally admitted that the crop will be far below the average in tonnage and sugar.

The little yacht Verona of Holland was sighted by the life saving crew Monday morning off this harbor. The lookout at the station thought she was flying a flag of distress. The crew went out to her, but found her all right and she came in under her own sail. The incident shows that the crew is continually on the alert.—G. H. Tribune.

An agreement has been reached this week between the VanderMeer-Timmer Lumber company of Zeeland vs the vestry of Grace Episcopal church of this city. The trustees of the lumber company agreed to drop the case upon the payment of \$300, for which they thought Mr. Stephan, the contractor, had used lumber for the parsonage. It was proven that the lumber was used for other purposes.

As a result of the extensive electric railways which are already crossing the state the steam road requires less cars. This has been noticed by building industry of Detroit where there is a marked decrease of business. No fewer than 2,000 men employed in the two plants of the American Car & Foundry Co. have had to seek other employment. Comparatively few cars are being ordered by the railroads, while it takes 200 cars a day to keep both the Detroit plants going at full capacity. The men discharged are skilled workmen, and easily find employment in other branches of their trades.

Luckily for the Michigan automobile tourists, the farmers of this state are of a more peaceable nature than those of Wisconsin. The farmers of the town of Pleasant Prairie, Wisconsin, have organized a relentless war against automobiles and drivers. A prominent man who is a hater of the fast running machines, and who is backed by some of the best known farmers in that county, in speaking of the plan of crusade, said: "We have loaded up our shotguns with buckshot and while we have no intention of killing anyone, it is our intention of puncturing the tires of every auto that that attempts to run at too great a speed along the roads. The law is now in our hands, and while we will always aim for the wheels, the drivers must take their chances of getting hit."

West Olive.
Mr. and Mrs. Beyer of Chicago have purchased the farm of Julius Girsch near Port Sheldon for \$1,000.

The Heinz Pickle Co. are slowly filling their thirteenth tank with cucumbers and more than a carload of tomatoes have been received. The cold, wet weather is having a telling effect on the vines and a large number of farmers have suspended picking.

The Rev. Phillips preached a very able sermon in the church Sunday evening and Monday he left for Jackson to attend the conference.

If there is anything in this wide world to bother us, it is the deep water, and the only genuine Jersey mosquitoes. While the water is deep enough in some places to cut corn in boats, some people can testify of having seen mosquitoes one inch in length and as blood-thirsty as the Sultan of Turkey.

L. J. Branch conducted a meeting in the school house Sunday night and returned to Bangor, Tuesday.

A carload of coal, the first ever shipped here for the farmers of Olive was unloaded Tuesday and Wednesday. Ten years ago, wood was not scarce, but the damage done by forest fires has been great.

The Ladies of the M. E. church will serve ice cream for the last time of the season, in the dining room of the Beach block Saturday evening. Admission is free but the ice cream is five cents a dish. Everybody turn out and help the society.

CORN RECEIVES LITTLE DAMAGE

Notwithstanding Recent Frosts the Crop as a Whole Escapes Serious Injury.

Government Weather Bureau Issues Weekly Summary of Conditions—Everything Favorable for Completion of Spring Wheat Harvest—Plowing and Seeding.

Washington, Sept. 23.—The weather bureau's weekly summary of crop conditions is as follows:

While the week has been abnormally cool, with general frosts throughout the central valleys and as far south as the northern portion of the central gulf states, the damage has not been serious except in the extreme western portions of Kansas and Nebraska, the Dakotas, Minnesota, Wisconsin and New England. The South Atlantic states have suffered from excessive moisture, while the heavy rains of the previous week over the northern portions of the Missouri and upper Mississippi valleys delayed threshing of spring wheat and caused grain in shock to sprout. Drought has been largely relieved in the east gulf states, but continues in the Ohio valley, Tennessee and in the central and west gulf states. The Pacific coast states have experienced a very favorable week.

Corn Little Injured. Notwithstanding the occurrence of

FLOOD SITUATION WORSE.

Mississippi River Continues to Rise at La Crosse, Wis.—Heavy Crop Damage in Vicinity.

La Crosse, Wis., Sept. 21.—The flood situation was worse Saturday at this point, the river having risen six inches more during the night, the stage of water at noon Saturday being 13 feet. The Chicago, Milwaukee & St. Paul railway tracks on the river front were under six inches of water and the flood had entered the basements of numerous wholesale houses along Front street.

The big pontoon bridge connecting this city with La Crescent, Minn., was early Saturday morning tipped nearly over by the flood and only the prompt action of a large crew of bridgemen prevented it from being washed away. The damage to this structure shuts off all communication with this city for thousands of Minnesota farmers who trade here.

In North La Crosse the water was three feet deep in some of the residences, and French island, opposite the city, is almost entirely submerged, hundreds of farmers there suffering total crop losses.

Reports received here estimate the crop damage in this immediate vicinity at \$500,000. Townships in the near-by counties are heavy losers on account of innumerable bridges being washed away.

COAST IS SWEEP BY FEARFUL GALE

Worst Storm in Years Causes a Loss of Millions in Property on the Atlantic Seaboard.

Three Score Persons Known to Have Lost Their Lives—President Roosevelt and Party Have a Thrilling Experience on the Yacht Sylph on Long Island Sound.

New York, Sept. 17.—For hours yesterday New York, Long Island and the New Jersey coast opposite were swept by the fiercest wind and rainstorm experienced in many years. Two million dollars, at a rough estimate, will not cover the damage to property. The coast is strewn with wrecks of steamers, schooners, barges, tugs and pilot boats. As far as known 64 persons were killed in the city or along the coast.

President in Danger.

One of the notable features of the gale was the fact that for several hours the life of President Roosevelt was in extreme danger. He was on board the yacht Sylph with his wife and friends on his way from Oyster Bay to Ellis island, and the little naval craft, not built to withstand the furies of an ocean gale, was saved only by the superior seamanship of its commander and crew. So furious was the storm that it sunk a stanch ocean tug within sight of the president's yacht, but the little Sylph, although nearly capsized several times, rode out the gale and landed its passengers in safety in Brooklyn.

Inspects Ellis Island.

The president visited Ellis island and after inspecting the immigrant station he told Commissioner of Immigration Sargent that no country in the world cared for its prospective citizens as did the United States officials and employees on Ellis island. Incidentally he gave the baby of an alien immigrant \$5 and interested himself in the case of an excluded woman, who will probably be admitted to this country as a result of the president's inquiries.

Fourteen Drowned.

Damariscotta, Me., Sept. 18.—Fourteen men lost their lives in the violent gale which raged off the coast during last night. The Gloucester mackerel seining schooner George F. Edmunds, in command of Capt. Willard G. Poole, the owner, struck on the eastern side of Pemaquid point and was smashed to pieces, 14 of the crew of 16 men perishing in the breakers.

Steamer Lost.

New York, Sept. 18.—The steamer Vidar, from Calbarien, which arrived last night, brought to port six members of the crew of 22 of the British steamer Mexican, which foundered off the Florida coast. Another member of the crew, Domingo Ballo Reysberry, was rescued by the British steamship Roxby, after hanging to a piece of wreckage for several hours, and taken to Norfolk, Va. All the rest were drowned.

Found Guilty of Bigamy.

Chicago, Sept. 18.—Harold C. Mills was found guilty of bigamy by a jury in Judge Brentano's court Thursday. His punishment was fixed at five years' imprisonment in the penitentiary and \$1,000 fine, the maximum penalty under the law. The jury was out six minutes. When his three wives who were in court heard the verdict their faces shone with unmistakable joy. It was their moment of triumph.

Odd Fellows Meet.

Baltimore, Md., Sept. 22.—The annual convention of the sovereign grand lodge of odd fellows began yesterday morning in this city. The total membership of the order, which includes the subordinate lodge membership and the sisters only of the Rebekah lodge membership, is 1,329,956. The receipts in 1902 were \$11,553,905; expenditures, \$96,468,425.

Ohio Republicans.

Chillicothe, O., Sept. 21.—The republican campaign in Ohio opened here Saturday with a large parade followed by a meeting in Yocotango park, at which Gov. Nash presided and speeches were made by Senators Foraker and Hanna, Myron T. Herrick, candidate for governor, Warren G. Harding, candidate for lieutenant governor, and others.

Fatally Scalded.

St. Louis, Sept. 18.—Moses Hart, Louis Brooke and Charles Ronk, employees of the Swift Packing company in East St. Louis, were fatally scalded Thursday by falling into a vat of boiling water. They were literally parboiled when taken from the water, pieces of flesh came away with the clothing as it was removed.

To Meet in Davenport.

Quincy, Ill., Sept. 19.—Secretary Lewis B. Boswell, of the Upper Mississippi River Improvement association, has issued a call for the second annual convention of the association, which is to be held at Davenport, Iowa, on October 21 and 22. Each river city and each commercial or trade organization is entitled to three delegates.

Pensions Decreasing.

Topeka, Kan., Sept. 23.—The pay roll of the Topeka pension agency for the last quarter was \$30,000 less than for the corresponding quarter last year. This indicates that the tide has turned, and from now on the pension rolls will decrease.

Lived Ninety-Two Years.

Chicago, Sept. 23.—Alson S. Sherman, who was mayor of Chicago in 1844, died at his home in Waukegan, aged 92 years. Mr. Sherman's wife died 17 years ago. The couple were the parents of 14 children, six of whom are living.

A Helping Hand

IS GLADLY EXTENDED BY A HOLLAND CITIZEN.

There are many enthusiastic citizens in Holland prepared to tell their experience for the public good. Testimony from such a source is the best of evidence, and will prove a "helping hand" to scores of readers. Read the following statement:

John Kloosterman, two miles of Zealand, says: "For ten or twelve years I looked in vain for some medicine to free me from distressing kidney complaint. I suffered at intervals during that period with aching pains through the joints, twinges up and down the muscles of my back, irregular and unnatural condition of the kidney secretions and frequent attacks of dizziness. My son, John Kloosterman, a tailor, 133 East Eighth St., Holland, noticed Doan's Kidney Pills advertised in the Holland papers and highly recommended by people who had used them. Thinking they might help me he procured a supply at J. O. Doesburg's drug store and sent them out to me. I noticed shortly after I commenced the treatment that it was doing me good and as I continued my condition improved. In my estimation Doan's Kidney Pills are by far the best remedy on the market."

light to heavy frosts generally throughout the corn belt, the corn crop has escaped injury, except in the western portions of Kansas and Nebraska and in the Dakotas, Minnesota and Wisconsin. While low temperatures have prevented rapid ripening, especially over the western districts, the crop as a whole has advanced favorably, although the late planted in Ohio valley and Tennessee has suffered from drought. A large part of the crop is now safe, but the bulk of the unmaturing will require from one to two weeks of favorable weather.

Spring Wheat Harvest.

The weather has been favorable for the completion of spring wheat harvest on the north Pacific coast. In the Dakotas and Minnesota spring wheat in shock has been injured, and threshing delayed by wet weather.

The reports continue to indicate extensive prevalence of blight and decay in potatoes.

Plowing and seeding have advanced satisfactory except in the Ohio valley and Tennessee, where the soil has been too dry, and in the northern portion of the middle Atlantic states, where there has been too much rain.

lain as secretary for the colonies, C. T. Ritchie, as chancellor of the exchequer, and Lord George Hamilton, as secretary of state for India. The king has accepted the resignations.

Mr. Chamberlain resigns on the ground that Premier Balfour's attitude on the fiscal question is not sufficiently advanced to enable him to remain a member of the government without the sacrifice of his own views. Chancellor Ritchie and Lord George Hamilton leave the cabinet because they are wholly out of sympathy with the fiscal policy of Balfour and Chamberlain.

London, Sept. 21.—Lord Balfour, of Burleigh, secretary for Scotland, and Arthur Ralph Douglass Elliott, financial secretary to the treasury, have resigned, and their resignations have been accepted by the king. Mr. Elliott was not in the cabinet. These two resignations make a total of four vacant cabinet posts and one secretaryship.

Postal Clerks Elect Officers.

Washington, Sept. 19.—The twelfth annual convention of the National Association of Postal Clerks adjourned Friday, after choosing Boston as the place for the next convention and electing the following officers: President, John A. All Ready For Holland's Greatest Fair.

After weeks of careful preparation on the part of the men in charge all are now in readiness for the greatest fair in the history of Holland.

The entries made thus far, coupled with the assurances of further entries that have been made by farmers, manufacturers, stockmen, poultrymen, business men, and by the devotees of fancy work, art, painting etc., indicate that never in the history of county fairs will there be better or more complete exhibits.

Every building will be crowded and arrangements have been made to have tents placed for some of the exhibits, particularly those in the line of carriages, machinery and agricultural implements.

One thousand dollars is a stimulating sum. It talks eloquently, so eloquently that the speed committee says that enough entries have been secured to warrant them in predicting that the running, trotting and pacing races will be far better than those of any other county fair held this year. Horses with records will be here, and some of them will leave with better records, for they will have to go to the limit to get inside the money.

The free attractions are away ahead of those of previous years. Besides the pole vaulting contest between Holland's champion vaulter, who for the present prefers to remain unknown, and the Grand Rapids champions there will be other strong cards. But the strongest of all is the Lemon-Rose-Parlate combination in their wonderful bicycle, unicycle, tricycle, acrobatic and cycle whirl features.

Press notices and verdicts of experts from here to the Pacific coast declare these acts to be the most thrilling on record. The young men do every trick on the bicycle or unicycle that others do and add more of their own. They also do acrobatic work with a dash of comedy added. But their greatest is the cycle whirl. They spin round and round an enclosure that resembles a dish pan, and that is made of pickets fastened together and laced at an angle of about 45 degrees; sometimes it looks as if they are spinning around the side walls of a round house, and how they can do it without running over the sides or falling to the floor is a marvel to the spectators. While making the ride they do tricks of all kinds and also race. It is declared that their act is just as dangerous as the loop-the-loop act only they have not quite the distance to fall as has Diavolo.

Here then is the conglomeration of amusements and attractions that the Holland fair offers: better and more numerous exhibits than ever before in every department; sports of all kinds from cane and doll racks and striking machines to the merry-go-round and the Ferris Wheel; better running, trotting and pacing races than any county fair; novelty features of every kind; and free attractions like the cycle whirl and the unicycle feats.

Is it strange that the people are eager to go to the Holland fair?

The Organic Unity of the Bible

The first lecture to the students and friends of the Western Theological Seminary was given in Semelink hall by Dr. E. Winter last Monday evening. In introducing the speaker Dr. Beardsley stated that the lectures would be held in the last of this and first of the following terms. He stated that they were prepared with great care, and would aim to lead all to love God's word and His service.

The subject of Dr. Winters' lecture was "The Organic Unity of the Bible." "The bible," said the speaker, "is a unique book. Its unity of purpose, intellectual grasp, interesting narrative and deep pathos is unequalled in history. It is the true representative of man's intellectual, moral and social life. Its influence has never abated, and throughout history it has had a remarkable effect in the progress of the human race. While it has been the object causing fierce hatred, it has also been a book more intensely loved, implicitly obeyed and loyally defended, than any other book under the sun."

"The bible is composed of parts, but these parts constitute one whole. Any part taken away leaves a gap. There were many authors, and long periods of time intervened, but all this goes to show that there was divine guidance. The writers in their respective manner, revealing their own character, were led by the holy Ghost in all

the truth. Thus it is Human in form and dress, but Divine in contents and doctrine. Each part of the bible being inspired by the Spirit helps form the whole which reveals a unity of purpose."

"Looking at the bible as a whole we discover a soteriological design. God revealed himself through Christ because of sin. He gave the law to arrest man in his evil course. If there had been no sin there had been no prophecy, no narrative, no song, no dogma to present the mysteries of God the Father, God the Son, and God the Spirit. Then there would be no cause of salvation. This uniform purpose or design makes the bible a unit."

"There is another aim of the bible and this is the glory of God. Of the two great aspects in Gods purpose that of human weal and the glory of God, the latter is the greater. In order that God would be glorified man was saved. This is evident throughout the whole bible from the dawn of paradise until the last of sacred history. From the beginning until the revelation at Patmos. In order to answer to this purpose there were institutions, ordinances and men. As every arch, column and stone unite to form St. Peter's at Rome so every part of the bible unites in the glory of God."

"In the third place there is a unity of center. In as much as the bible has a unity of purpose it is necessary that its underlying principle rests on one center. This center is Christ. He is the center of revelation. 'In Him all truth is found and united.' 'Christ is God revealed.' 'In him dwelleth the Godhead bodily.' Everything that comes from heaven to earth must enter through Him and everything from earth to heaven must pass through the same gate. As all the writers seemingly with one finger point to Christ it is a sign of unity to which they were led by supernatural guidance."

"Also in regard to unity of doctrinal contents the bible is an organic whole. From the beginning to the end, from the promise until its completion there is absolute unity. Science may attack the origin of the world as it is related in Genesis, it cannot prove scripture to be untrue. History in the bible may be termed a myth and the whole bible account a mere allegory, recent excavation show the bible to contain sober facts and undeniable truth. In the promise of salvation there is no disagreement. The harmony of each writer with those separated from him by great periods of time, give the lie to the bible critic. Let all endeavor to argue away the biblical truths in order to lessen their fear of an unknown future, they rob themselves of life; and the bible remains an unpregnable fortress giving entrance to eternal life to whomsoever will believe its word."

Dr. Winter was convinced of the importance of his subject and spoke in a very earnest manner. As this is the doctor's last year in the seminary and as he will soon lay down a work in which he has spent a lifetime, he felt it his duty on this last occasion to prove without a doubt that the bible is an organic whole, and to urge that wherever it is preached it shall be presented as a whole.

Fair Directors Meet.

At the meeting of the board of directors of the S.O. & W. A. agricultural society held Tuesday, arrangements were completed for the fair to be held in Holland next week.

Eldred Diekema who at a previous meeting was appointed to superintend getting grounds and buildings in shape reported that he had a large force of men at work and that the grounds and buildings would be in splendid condition for the fair.

Secretary reported that many applications for space in the different halls had been received and that the space in the agricultural building and the art hall was nearly all spoken for, also that contracts had been entered into for most of the privileges such as doll racks, cane racks, waffle stands, general stands etc.

Moved and supported that Dick De Witt be appointed night watchman. He to appoint assistants.

Messrs. Westveer and Douma were appointed gate keepers for general gates, Ben VandenBerg and Michael Bos were appointed gate keepers for big gate or gate for teams.

Secretary was instructed to notify bands to appear for duty corner of River and Eight street at noon each day.

Moved that Jas. L. Conkey be instructed to get judge on poultry.

Moved and supported that Mr. Diekema be instructed to put up posts and stretch ropes for hitching horses.

Committee on speed reported that arrangements made thus far indicate that the number of horses in races will be greatest in history of fair.

About the Big Fair Next Week.

Music for the big fair will be furnished by three bands: the West Michigan band of Holland, the Ottawa band of Zeeland, and the Twin-village band of Hamilton and Overisel.

Parties desiring to secure the privileges of selling lunches, running doll racks, cane racks, striking machines, or novelty stands, selling cigars, peanuts etc., are urged to call the secretary at once as nearly every inch of space has been conceded. However there are a few good locations left which can be secured by those who apply first.

The Ferris Wheel will prove a popular amusement feature. A ride in it is the next thing to a balloon ascension. It was the star of the amusements at the Grand Rapids fair and this week it is proving a great drawing card at the Ionia fair.

Friends of the ever popular merry-go-round will be glad to hear that there will be one at the fair.

A. B. Bosman, president of the association and N. J. Whelan, secretary, attended the fairs at Hart and Berlin this week in search of attractions and secured the best. Con DePree of the speed committee went to Ionia and secured more entries for the races, and G. J. Van Duren went to Berlin and secured the entries of the running horses that are racing there this week.

Remember that teams are admitted free.

Those interested in athletic sports will be pleased to hear that a pole vaulting exhibition will be given. There is a young man in Holland who for the present does not care to disclose his identity who has medals showing he is one of the best amateur pole vaulters in the state. He will give an exhibition of this difficult and dangerous feat Thursday afternoon and will endeavor to break the amateur record.

Those interested in baby cabs and babies should not fail to see the parade in front of the grand stand Friday afternoon when the G. R., H. & L. M. Street Railway company will give a 400 mile mileage book for the most handsomely decorated baby cab containing baby, wheeled in front of the grand stand.

The G. R., H. & L. M. Interurban railway company will give excursion rates from all points. Round trip tickets including admission to the fair as follows: Grand Rapids, 75c; Grandville, 60c; Jamestown, 55c; Forest Grove, 50c; Vriesland, 45c; Zeeland, 40c; Saugatuck 50c.

Long Life of Two Old Settlers.

Among the many persons of whom Holland is justly proud, are her old settlers. While we point with pride to the honored founders now deceased, we are not less proud of those that still survive. They are the representatives of the sturdy colonists through whose perseverance we owe the present condition of our city.

It is not the happy lot of all early settlers to see what a magnificent structure was possible to be built on the foundation they laid. Among the few happy ones are Mr. and Mrs. E. J. Harrington, who recently celebrated their fiftieth wedding anniversary. They are each 71 years of age, their birthdays being only a few days apart.

Mr. Harrington settled here with his parents in 1837, known as Van Raalte's year. In six years he earned enough at chopping trees in the woods to go to New York and marry the girl of his youth.

Mr. and Mrs. Harrington have been residents of this city since their marriage, with the exception of eleven years, when he resided in Filmore township. While there Mr. Harrington served as justice of the peace, treasurer and supervisor.

In the fifties Mr. Harrington had a store where the present Grondwet building now stands. He acquired considerable real estate here, much of

which he still holds, including the resort property known as Harrington's Landing, which is the most desirable on Macatawa bay.

He served three terms as mayor of this city having been elected by the Republicans. He was mayor for two

years succeeding the disastrous fire in 1871, when great responsibility devolved upon the chief executive by reason of the many homeless people who had to have assistance. Mr. Harrington himself lost all his property in the fire and had to begin where he had started twenty years before. Mr. Harrington has also served the city as member of the school board and throughout his residence here was looked upon as one of our most progressive citizens.

Three Terrible Accidents.

During the past week there occurred three horrifying accidents. On Tuesday the electrocuted body of Peter Koning was taken to this city from Kalamazoo where the accident occurred. Mr. King was at work on the repair of trolley wires and in placing a 550-volt feeder wire on an iron pole he formed a short circuit by grabbing the feeder wire with steel pliers and then carelessly placing his left leg against the iron pole. Blue smoke came from his body and he struggled convulsively to free himself. His belt was strapped around the top of the pole however and he was helpless. He died before the spectators' eyes. The body could not be removed until the current was shut off.

The victim was 23 years of age and a resident of this city until a year ago.

The funeral services took place on Wednesday afternoon from the home of the brother of the deceased, Mr. John Koning, 265 West Eleventh street. The relatives in this city that survive are the father, Peter Koning, and a brother, John.

News comes from Ganges that Glenn Pear who came there from Wayland to work, was fatally shot last Sunday morning by Willie Hayes, to whom Pear had handed the self-cocking revolver to examine. Hayes "didn't know the gun was loaded," pulled the trigger and Pear fell with a bullet in his stomach. Hayes took Pear in his buggy and raced to Dr. Bunson's office, where, with the aid of Dr. Walker of Saugatuck, the bullet was probed for, without success. Pear testified that the shooting was an accident, and requested the officers not to prosecute Hayes.

The most tragic accident was that which fell to the lot of John DeLatter of Grand Rapids. Returning from rifle practise last Sunday noon DeLatter and Manni were sitting with their feet outside of the baggage compartment of a Muskegon car. As the car ran on the Bridge street bridge where there is very little space between the car and the railing DeLatter was jerked from the car, beneath the wheels. His head was cut off and his body dragged two hundred feet. Manni received serious injuries but was pulled inside the car by friends.

For a long time the remains laid on the bridge a sickening sight to hundreds of people that passed by. Both boys were barely 19 years of age, and enthusiastic members of Company B, second regiment. Their accident is a loud warning to all desecration of the Sabbath.

Klein-Vivian Nuptials.

Last evening the home of Mrs. J. R. Kleyn, 125 West Eleventh st. presented a pretty scene when her daughter Miss Anna Hilda was united in marriage to Mr. James Dunstone Vivian. The interior of the home was beautifully decorated with evergreens, astors and palms. The bride carried bridal roses and dressed in white silk mull looked very attractive.

The impressive ring ceremony was used, little Mary Ruth Kleyn, being ring bearer. She was followed by Gertrude and Beatrice Steketee, who acted as flower girls, while Miss Maud Kleyn played the wedding march. Dr. J. T. Bergen officiated. Everything tended to produce a happy but impressive atmosphere for the occasion.

About 50 relatives and friends were present to witness the ceremony. The following guests were from out of town: Mrs. Vivian, mother of the groom, and John Vivian, of Fulton, Mich.; Mrs. Wright and daughter, of Chicago; Mrs. L. VandenBerg, New Jersey; Mr. and Mrs. Fred Kleyn, of Chicago, and the Misses Adams of Kalamazoo.

Mr. and Mrs. Vivian were the recipients of elegant presents in china and cut glass. Next Monday they will leave on a short wedding trip to Crystal Falls, where Mr. Vivian is engaged in an Iron Mining Co., and where the newly wedded couple will be at home after October twentieth.

Ten Cate-Kleaver.

On Wednesday evening occurred the wedding of Attorney Daniel Ten Cate and Miss Veronia K. Kleaver. The marriage ceremony was performed by Rev. Wm. Johnson at the home of the bride's father, 265 West Twelfth street. There were a number of guests to witness the pretty scene. In an enchantingly decorated corner of the parlor stood the bridal party. The bride was attired in a gown of white French batiste, trimmed with white lace. The bridesmaid, Miss Elena Kleaver, appeared in white Persian lawn. Henry Winter was bestman. After the ceremony a wedding supper was served, superintended by Miss Hattie Ten Cate who was assisted by the Misses Marguerite Diekema, Margaret DeRo, Elizabeth Kleaver, Fannie Balgooyen, Emma Anderson, of this city, and Loretta Mahoney, of Benton Harbor, and Sarah Kotvis, of Grand Rapids. Attorney Kollen proved an able master of ceremonies. After a wedding trip partly in this state and in Wisconsin, Mr. and Mrs. Ten Cate will be at home after October 26, at 162 West Fourteenth street.

Doctor-Huenemann.

One of the prettiest weddings of the season was the marriage last Thursday evening of Miss Rena G. Doctor and Rev. Henry Huenemann at the home of the bride's mother on Columbia avenue. The house was prettily decorated in honor of the occasion with potted plants and cut flowers. At six o'clock the ceremony took place. The wedding march from Mendelssohn was played by Mrs. C. Klassen. Rev. A. Kelzer performed the ceremony, the ring ceremony being used. The bride was beautifully gowned in French lawn trimmed with lace medallions and carried bride's roses. Mr. and Mrs. Huenemann left this week for the west and will beat home after October 15 at Fostoria, Iowa.

The out of town guests were Rev. and Mrs. J. Brink, Mrs. William Brink, Mrs. J. Kloosterman, Miss Senie Heeteby, Mrs. A. Hemkes, Miss Hilda Bink of Grand Rapids; the Misses Goozen, Pruim, Huizenga and Roozenraad of Zeeland.

A happy scene was witnessed at the home of Mrs. G. J. Diekema last Saturday evening when Miss Hattie Ten Cate was the hostess at a pre-nuptial entertainment given in honor of Miss Veronia Kleaver, who has been united in marriage to Daniel Ten Cate, a promising young lawyer of this city. The invitations to the entertainment were in the form of maple leaves, and this effect was conspicuous in all the arrangements. Gorgeous-hued leaves were used effectively about the rooms, the mantel, banked with branches in variegated colors, scarlet sage adding a brilliant note, the score cards were hand painted maple leaves, and in the refreshments, maple ice and sandwiches shaped like maple leaves carried out this feature. Progressive pedro was the game. Miss Addie Huntley carrying off the prize. Miss Kleaver was the recipient of many pretty as well as useful gifts.

Neal Ball, Holland's crack pitcher, pitched into the greatest game of his life last Monday evening when he and Miss Maud Clark, of this city, were

united in marriage. The knot was tied under far less excitement, though it was the last inning of a thrilling game that has lasted for two seasons than is shown when the nery captain occupied the box on a ball game. Mrs. Ball was one of Holland's popular young ladies. She is the daughter of Mr. and Mrs. Geo. E. Clark, her father being manager of the Wolverine Boat Works. The newly wedded pair is spending their honeymoon in Milwaukee.

Piano Recital.

A free inaugural recital will be given in Winants chapel on Friday evening, October 2nd, by Miss Jean Steffens, of this city, lately of Dubuque, Iowa, assisted by Mr. Van Hasselt, violinist, and Mrs. G. J. Diekema and Prof. J. B. Nykerk, vocalists. Miss Steffens is a graduate of the Dubuque Academy of music, and has developed considerable skill as a pianist. Musicians and music lovers are all anxious to hear this promising debutante. A pleasing program of choice music will be presented. All interested are cordially invited to attend at 8 o'clock sharp.

TESTIMONIAL.

Kalamazoo, Mich, July 22
Dr. Van Blijsterveldt,
Muskegon, Mich.

Dear Sir:—By this letter I wish to extend to you my heartfelt thanks in behalf of the courtesy shown me by you and the able way in which you have handled my case. I have never had medical treatment that has done so much for my health in four or five weeks as your treatment has done. I feel like a new person, such a change has taken place that I can hardly realize it.

I feel under great obligation to you and should you wish to make use of this testimonial in order to benefit others who may be afflicted I give you the privilege of doing so.

Respectfully yours,
D. KREULEN,
117 W. Main St.,
Kalamazoo, Mich.

Additional Local.

Capt. Frank VanRy will be the marshal of the grounds at the fair next week.

The Citizens Telephone company is rebuilding its line to Graafschap, constructing a metallic circuit.

Don't walk on old or worn out shoes when you can buy them of an excellent quality for \$1.50 and \$2.00. When you go to the fair you can easily stop at the People's shoe store, 21 East 8th street and pick your choice.

There will be an entertainment, given by the Y. P. S. C. E. at Hope church next Tuesday evening at 8 o'clock. Dr. J. T. Bergen and Rev. John Vandermeulen will speak on their experience in working among the Indians and Whites of Oklahoma. A musical selection will be rendered by Mr. Van Hasselt.

H. Boone, sr., owner of McKinley the famous, arrived in the city yesterday from Columbus. He is elated over the showing of the horse that has added to Holland's fame. At Columbus McKinley won the 2:11 trot, taking the last three heats in 2:07 1/4, 2:07 1/2 and 2:07 3/4. This performance stamps the horse as a wonder as these are the three fastest heats trotted this season.

Mrs. Carrie Nation, of Kansas, will be heard Oct. 7 at Allegan county fair. If the audiences which she has already appeared before are anything to judge by, there will be a host of her admirers and friends to welcome her on her appearance for the first time there. Mrs. Nation is without doubt the greatest drawing attraction of the season.

James A. Brouwer's furniture store has in years past proved a popular place during the fair and this year will be no exception as is shown by the regular fair week adv. which appears in this issue of the News. Bed room suits is the feature that is dwelt upon particularly although good terms and bargain prices will be offered all along the line. In bed room suits you can purchase solid oak bedroom suits for \$34.85, \$29.75, \$23.50; ash bedroom suits for \$19.85, mahogany finished bedroom suits for \$14.85. The above figures show bargains when it is considered that the original prices of these suits \$75 to \$22. Call at Brouwers during fair week.

Death of Earnest Herold

This morning at 6 o'clock occurred the death of Mr. E. Herold. Though not entirely unexpected it was a severe blow to his family and many friends. On Tuesday night Mr. Herold suffered a stroke of apoplexy. His condition was very grave and hope of his recovery was abandoned. From the time he was stricken with the disease until this morning he was unconscious and did not speak a word.

Ten days before Mr. Herold died his wife also received a stroke of apoplexy, which seriously affected her husband. Then he said that he hoped he might precede here in death. His wish was gratified.

Mr. Herold was one of our honored old settlers. Born in Germany he moved to this country and in the year 1855 he was united in marriage to Miss Susan Bertsch in Crawford, Ohio. In 1859 they moved to this city where Mr. Herold commenced a shoe business. He was prosperous and continued in this occupation until 1895 when an accident necessitated his retirement from business life.

In social and church life Mr. Herold was also very prominent. He was also a charter member of the F. & A. M. lodge, which he served as treasurer for a number of years until he was unable to attend the meetings on account of a fall on a slippery sidewalk which bound him to his home. He was also an honorary member of the order of Eastern Stars.

For many years Mr. Herold was a prominent member of Hope church, being a deacon when the church was first organized. He always showed great interest in the progress of our city and was well known as a loyal citizen.

The funeral will take place on Monday afternoon, at 1:30 from the residence, 46 Graves Place and at 2:00 p. m. from Hope church, Dr. J. T. Bergen officiating.

The heartfelt sympathy of many friends is extended to the surviving relatives, who are his wife, Mrs. E. Herold and the following children: Miss Helena Herold and Mrs. J. Benjamin of this city and John Herold of Howard City, Alonzo Herold, of Grand Rapids, Mrs. Geo. Ballard, of Woburn, Mass., Mrs. Geo. Hunt of Milwaukee.

Something For Your Money.

Something for the Base Ball Club.

On previous occasions when citizens have been asked to subscribe money to any other worthy cause they were not given a chance to get anything in return. But a plan has been formed by the Holland base ball association whereby those who donate to the fund for part of this seasons expenses will get a handsome return for their money.

A committee will be around to see the citizens tomorrow and those who subscribe one dollar or more will be given receipts showing that they are entitled to a share in an \$800 house, a \$50 bedroom suit, a \$40 steel range, a \$25 sideboard, an \$8 gas range and a \$15 bicycle, which will be given away to the holders of the receipts on the 31st of December.

This means that one of the \$800 houses which were recently sold in the Raven-Scott sale, and the other articles of value, will become the property of some of the receipt holders, and it is thought this chance will be eagerly sought and that many receipts will be sold.

And a great many tickets should be sold. The expenses of the base ball club has been in excess of the amount anticipated at the beginning of the season and citizens generally will not hesitate to subscribe—especially when they have a chance of getting their money back.

General Items

The following case of mistaken identity ought to teach some self-important gentlemen a lesson: "A blustering gentleman walked into a barber shop at Peck and wanted his hair cut. He didn't want any talk, just a plain hair cut and he wanted it right away. The modest and unpretentious old gentleman in the shop attempted to explain, but was roughly told to go ahead without a word. After the job was finished the man who knew everything looked in the glass and was horrified at his appearance. He fairly stormed around, and indignantly asked the old gentleman if he called that a hair cut. The mild old man meekly replied: 'I don't know. You must ask the barber. He'll be in presently. I am the editor of the village paper and was waiting for a hair cut myself, but you wouldn't give me a chance to explain.'"

The finding of a pocketbook at Kingsley has brought to light the contents of another woman's purse. It contained: One newspaper clipping, a certificate of vaccination, a letter, two visiting cards, a book plate, a short lead pencil with the point broken off, a small image of a hen (probably a mascot), a collar button, five hairpins, four postage stamps, some minor change and a \$10 bill, the latter being in the compartment where it could most easily fall out.

Dr. Miles' Heart Cure
Cured Entirely.

"If it hadn't been for Dr. Miles' Remedies I would not be here to write this letter. Two years ago last June I lost the use of my left arm, could not use it and could only move it with the help of my right hand. My heart was so weak I could not sleep nights for smothering spells. I was out of sorts all over and could eat nothing. I grew so weak that I could not walk without staggering like a drunken man and my home doctor said he could do nothing for me. I was in so much pain I was almost wild. I could not take morphine nor opium as they made me worse. So I got to thinking about Dr. Miles' Heart Cure and Nervine, and the more I thought about it the more I wanted to try them. I wrote to the Dr. Miles Medical Co. for advice which I followed to the letter. I can say today that I am glad I did as I am a well woman now; can work and can walk two or three miles and not mind it. I can also use my arm again as well as ever. You do not know how thankful I am for those grand medicines. Dr. Miles' New Heart Cure and Nervine. I think Dr. Miles' Remedies are the best in the world, and I should get sick again I should take the same course. The remedies also helped my daughter Vida so wonderfully that I should have written you before to thank you, but I wanted to be sure that the cure was permanent, which I now know to be the case."—Mrs. Frank Lowmy, Allen, Mich.

HONORS MEMORY OF DEAD HEROES

President Roosevelt Attends Dedication of Monument on Battlefield of Antietam.

Accepts for the Nation the Shaft Erected by New Jersey Veterans—Says All Mankind Hung on Issue of the Strife—Points Out Duty of the Present Generation.

Sharpsburg, Md., Sept. 18.—Under lowering skies the magnificent monument erected on the historic battlefield of Antietam by the grateful state of New Jersey to its men who fell in the great engagement, was dedicated Thursday. The occasion was rendered particularly notable by the presence at and participation in the ceremonies of the president of the United States and of Gov. Murphy, the chief executive of the state which was honoring its heroes.

Address of President.
President Roosevelt, as he arose to accept the monument on behalf of the federal government, was accorded an ovation.

In opening, the president thanked the people of New Jersey for the monument to the troops of New Jersey who fought at Antietam, and on behalf of the nation accepted the gift. No other battle of the civil war, he said, lasting but one day showed as great a percentage of loss as that which occurred upon the day on which Antietam was fought. Moreover, in its ultimate effects the battle was of momentous and even decisive importance, for when it had ended and Lee had retreated south of the Potomac, Lincoln forthwith published that immortal paper, the preliminary declaration of emancipation; the paper which decided that the civil war, besides being a war for the preservation of the union, was a war for the emancipation of the slave, so that from that time onward the causes of union and of freedom, of national greatness and individual liberty, were one and the same.

Duty of Present Generation.
"It now rests with us in civil life," continued the president, "to make good by our deeds the deeds which you who wore the blue did in the great years from '61 to '65. The patriotism, the courage, the unflinching resolution and steadfast endurance of the soldiers whose triumph was crowned at Appomattox must be supplemented on our part by civic courage, civic honesty, cool sanity and steadfast adherence to the immutable laws of righteousness.

Fight for Governmental Honesty.
In closing, the president said the fight for governmental honesty and efficiency can be won only by the patience and resolution and power of endurance, such as displayed by the revolutionary and union armies. "We need the same type of character now that was needed by the men who with Washington first inaugurated the system of free popular government, the system of combined liberty and order here on this continent; that was needed by the men who under Lincoln perpetuated the government which had thus been inaugurated in the days of Washington. The qualities essential to good citizenship and to good public service now are in all their essentials exactly the same as in the days when the first congresses met to provide for the establishment of the union.

Three Foremost Qualities.
"There are many qualities which we need alike in private citizen and in public man, but three above all—three for the lack of which no brilliance and no genius can atone—and those three are courage, honesty and common sense."
After the benediction had been pronounced, the president held an informal reception in the rain, shaking hands with several hundred ex-soldiers. A drive over parts of the battlefield on account of the storm had to be abandoned. The president, Gov. Murphy and his party returned to their train immediately after the ceremonies.

Soldiers' Monument.
Bloomington, Ill., Sept. 21.—A notable event among the old soldiers of Illinois was the unveiling at Greenville Saturday of a magnificent monument to the memory of 1,200 deceased veterans. Lieut. Gov. Northcott presided. Gov. Richard Yates, Gen. John C. Black, of Chicago, national commander of the Grand Army of the Republic; Benson Wood, of Effingham, state commander of the grand army, and others made addresses.

Maryland Republicans.
Baltimore, Md., Sept. 18.—The republicans in state convention yesterday nominated Stevenson A. Williams, of Belair, for governor. The platform indorses the administration of President Roosevelt and favors his nomination in 1904.

Nine Injured.
Crawfordsville, Ind., Sept. 19.—Nine passengers were injured shortly before four o'clock Friday afternoon at Crawfordsville Junction by the collision of Monon passenger train No. 6, Louisville to Chicago, and a Vandalla freight train.

TRADE REVIEW.

Leading Commercial Agency Says Encouraging Conditions Are Apparent in Many Lines.

New York, Sept. 21.—R. G. Dun & Co.'s weekly review of trade says: "Business has made moderate progress during the past week despite unusual opposition from the elements. When all other industries are to a considerable degree dependent upon agricultural conditions, reports of serious injury to crops by cold and wet weather are not calculated to stimulate confidence. Subsequent corrections indicated that the amount of damage had been exaggerated as usual and prospects brightened. The car shortage is beginning to be felt, especially in the Pittsburgh district, where sufficient labor cannot be secured for handling freight. Manufacturing plants are well occupied as a rule, even the textile mills reporting less idle machinery, and at Chicago there is notable pressure for implements and hardware. Lumber is in better demand as structural activity revives. Payments are seasonably prompt except where late crops delay settlements, and the outlook for fall and winter business contains much that is encouraging. Railway earnings thus far reported for September show an average gain of 10.36 over last year.

"Failures this week were 219 in the United States, against 199 last year, and 19 in Canada, compared with 25 a year ago."

MEETS ITS FATE.

Expiration of Time Limit for Ratification of Panama Canal Treaty Has Taken Place.

Washington, Sept. 23.—When the state department closed at four o'clock yesterday it was agreed that the Panama canal treaty was dead, although eight hours yet remained within which the Colombian congress might take affirmative action upon it. Nothing, however, had been received during the day either from Ministe Beaupre, at Bogota, or from Mr. Herran, the Colombian charge here, which gave the slightest hope of a favorable issue. A report is current here that the Colombian congress in secret session has clothed President Marroquin with full power to negotiate a treaty. If this report should turn out to be true President Marroquin, who is counted a friend of the treaty, could proceed untrammelled by fear of future reckoning by his congress. In any event President Roosevelt must now take the next step. He can elect to proceed under the Spooner act and take up the Nicaragua route or he can allow matters to drift for the present in the hope that a way may yet be found to straighten out the present difficulties in the path of the Panama route.

WAR NEAR AT HAND.

Only a Question of a Few Days Is the General Impression on Turkish-Bulgarian Frontier.

London, Sept. 23.—A dispatch from the town of Guitchevo, on the Turkish-Bulgarian frontier, reports that great excitement prevails in the district because of a skirmish which occurred between Turkish and Bulgarian troops on the mountain range which forms the border line. The general impression is that war is only a question of a few days, and the people are removing their property from the frontier districts to places of safety. The dispatch adds that Turkey is massing 40,000 troops in and around Palanka, ten miles from the Bulgarian frontier.

The Turkish frontier officers, says a dispatch from Kubitza, Bulgaria, report that the insurgents under Gen. Zontchiff, have been defeated with great slaughter near Melnik, and a great number of Bulgarians were massacred in the neighboring villages, several of which were burned.

KILLED HIMSELF.

Ill-Health Prompts the Suicide of the President of a Bank in Iowa.

Harlan, Ia., Sept. 19.—Edward W. Davis, president of the Shelby county bank, committed suicide Thursday night by shooting. His body was found early Friday in the furnace room of the bank building. Davis was once a member of the Iowa legislature from Potawatomi county, and was a prominent citizen. He disposed of most of his bank stock Wednesday, but his financial affairs are said to be in good condition. He was 80 years old, and leaves a widow and two daughters. Ill health is thought to have prompted the deed.

Speech Restored by Electricity.
New York, Sept. 21.—A remarkable case, in which a woman has been made to speak after inability to utter a word for three years, is that of Miss Emma Lewis, says a dispatch from Utica, N. Y. She is 50 years old and lost use of the vocal chords through paralysis. A local physician has restored their use through electrical applications of varying power to the throat. She has now regained her full powers of speech.

Colorado Populists.
Denver, Col., Sept. 22.—The populist state convention nominated District Judge Frank W. Owens, of Leadville, for justice of the supreme court. Resolutions were adopted condemning in vigorous language the present republican state administration and also denouncing the democratic party because its recent convention failed to denounce the use of military at Cripple Creek.

Boers to Settle in Mexico.
Monterey, Mex., Sept. 21.—Gen. W. D. Snayman, one of the leaders of the Boer army during the recent war, has moved his entire family to the new colony site purchased near Ortiz station on the Mexican Central, and announces that 50 families are on the way from South Africa to join him.

Nine out of every ten men have been guilty of transgression against nature in their youth. Nature never excuses, no matter how young, thoughtless or ignorant he may be. The punishment and suffering corresponds with the crime. The only escape from its ruinous results is proper scientific treatment to counteract its effects. The DRAINS, either by nightly doses, or secretly through the urine, must be stopped—the NERVES must be built up and invigorated, the blood must be purified, the SEXUAL ORGANS must be vitalized and developed, the BRAIN must be nourished. Our New Method Treatment provides all these requirements. Under its influence the brain becomes active; the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. We invite all the afflicted to call and consult us confidentially and free of charge. **Cures Guaranteed or no Pay.** We treat and cure: **Varicocele, Blood Diseases, Stricture, Gleet, Emissions, Urinary Drains, Spermatorrhea, Unnatural Discharges, Kidney and Bladder Diseases.**

JURY RETURNS A SPEEDY VERDICT

—BY—

Finds Jett Guilty of Murder of Cockrell in Short Order at Cynthiana, Ky.

PUNISHMENT FOR THE CRIME IS FIXED AT DEATH

The Doomed Man Is Apparently Not Affected by His Conviction—He Is Under Life Sentence Also, with White, for Murder of Marcum at Jackson.

Cynthiana, Ky., Sept. 23.—After a trial lasting eight days the jury in the case of Curtis Jett, charged with the murder of Town Marshall Thomas Cockrell at Jackson, Ky., July 21, 1902, at 5:10 Tuesday evening rendered a verdict of guilty and fixed the punishment at death. The jury retired at 2:44 p. m. When the jury entered the courtroom after agreeing on a verdict quiet reigned for a few moments. Jett's mother had gone away earlier under the impression that no verdict would be reached and the verdict of death coming about two hours after the jury was out was a surprise to everyone in the courtroom. The reading of the verdict did not affect Jett, but his brother was very much distressed. His mouth quivered and he slowly turned pale.

The jurors agreed among themselves not to divulge the proceedings in the jury room. One juror, however, stated that for four ballots 11 jurors voted for the death penalty and one for a life sentence. All agreed on the fifth ballot.

Jury Acts Quickly.

Just previous to the jury reaching an agreement Judge Osborn, thinking that they would not reach a verdict during the day, sent for them, intending to call off the session for the rest of the day. But the jury sent back word that an agreement had been reached and that it would be ready to report a finding to the court within five minutes. Elijah McKinney served as foreman of the jury and after the delivering of the verdict to the court the jury was polled. The death sentence was then read to Jett by Clerk T. J. Robinson, after which he was given over to the custody of the deputy sheriffs. Col. Blanton, Jett's lawyer, will file a motion for a new trial and if the motion is overruled he will appeal the case to the court of appeals at Frankfort, Ky.

This has been the second trial of Curtis Jett on the charge of murder. In his first trial for the murder of J. B. Marcum at Jackson, Ky., Jett and Thomas White were sentenced to life imprisonment.

Crime Charged to Jett.

James Cockrell, of whose murder Jett was convicted, was shot from the courthouse window at Jackson. Witnesses testified to seeing Jett and two other men at the window, but the other men were not clearly identified, though more arrests in the case are expected. Cockrell was town marshal of Jackson and he and Jett had quarreled.

Judge Hargis Declines to Talk.

Jackson, Ky., Sept. 23.—Judge James Hargis refused to make a statement in regard to the infliction of the death sentence against his nephew, Curtis Jett. Relatives and intimate friends of J. B. Marcum express great satisfaction. People not directly connected with the case avoid talking for publication. The verdict, however, was anxiously awaited here, the scene of the Marcum and Cockrell assassinations, for which Jett is convicted.

PROMINENT DIVINE DEAD.

Rev. Henry R. Percival, Well-Known Protestant Clergyman, Passes Away Near Philadelphia.

Philadelphia, Sept. 23.—Rev. Henry R. Percival, a prominent Protestant Episcopal divine, died Tuesday night at his country home in Devon, a suburb. He was 49 years old. Dr. Percival studied theology at the general theological seminary in New York, was ordained deacon in 1873, and was advanced to the priesthood the following year by Bishop Horatio Potter. He was an extensive writer on theology, many of his books being used as standard works in nearly all of the Episcopal theological seminaries of this country. Among the most important are "The Doctrine of the Episcopal Church," "The Glories of the Episcopal Church," "Digest of Theology," "Invocation of Saints," and "The Seven General Councils." One of his last essays was his defense of the use of incense, which was read before the court of the archbishops of Canterbury in London.

To Increase Wages.

New York, Sept. 23.—The Public Service corporation of Newark, N. J., which controls all the trolley lines in Essex, Hudson, Union and Passaic counties, has signed an agreement with members of the Amalgamated Association of Street and Electric Employees providing for a uniform wage rate of 22 cents an hour for motormen and conductors, an increase of three cents. A large number of men are employed on the lines.

Entire Block Burned.

Des Moines, Ia., Sept. 23.—One entire block in the heart of Ayershire, including property valued at \$50,000 or more, was totally destroyed by fire at an early hour Wednesday. Nine business houses and their contents were burned.

Valuable Lumber Burned.

Milwaukee, Sept. 23.—An Evening Wisconsin special from Mellen, Wis., says: F. B. Chase's sawmill, store and 6,000,000 feet of lumber at Morse, Wis., were burned early Wednesday. The loss is \$300,000, partly insured.

EX-SENATOR FARWELL DEAD

—BY—

Prominent Illinoisan Passes Away at Lake Forest.

Had Been Ill for Many Months—Short Sketch of His Busy Career.

Chicago, Sept. 23.—Charles B. Farwell, former senator, merchant and public man who had been a resident of Chicago since 1844, passed away at his country home in Lake Forest at 6:45 o'clock Wednesday morning. Mr. Farwell was 80 years old and the immediate cause of his death was pneumonia, which developed on Monday. He had been in failing strength for several months, and when attacked by pneumonia his constitution was so impaired that it was impossible to check the disease.

Charles Benjamin Farwell was born at Painted Post, a little village of Steuben county, N. Y., in 1823. When he was still a young man he came to Illinois with his father and occupied himself with farming and land surveying until 1844, when he came to Chicago. There he at different times engaged in the real estate, banking and dry goods business, always taking more or less interest in politics. In 1864 he joined his brother, J. V. Farwell, in the dry goods trade. Together they developed a large and profitable business throughout the territory tributary to Chicago and the house of J. V. Farwell & Co. speedily became known throughout the entire west. In 1870 he received the first nomination for congress at the hands of the republican party, and after a warm campaign Mr. Farwell was elected by some 5,000 majority. He was reelected to the Forty-third congress in 1872, and again in 1874. While in the house of representatives Mr. Farwell saw five years' service as chairman of the committees on manufactures and on banking and currency. He retired from politics for a season, but in 1880 he was again nominated for congress. He served through the Forty-seventh congress and then declined a reelection. On the death of John A. Logan he was elected in 1887 to the United States senate and served as a member of that body until March 4, 1891.

TRAIN HELD UP.

Four Masked Men Stop Burlington Express Near St. Joseph, Mo., and Blow Open Safe.

St. Joseph, Mo., Sept. 23.—Four masked men held up Burlington train No. 41 five miles north of this city at ten o'clock Tuesday night, blew open the express safe and are said to have secured from \$5,000 to \$10,000, although company officials declare they got no booty. None of the passengers was molested. Railroad officials say the bandits secured little that was valuable. One of the robbers flagged the train with a red light. As soon as the engineer stopped he and his fireman were covered by one of the men, while the others proceeded to the express car and demanded that the door be opened. The express messenger refused to comply. After shooting at the car the robbers pried off the door of the car and climbed in. The messenger opened fire, but was quickly overpowered, after which the robbers turned their attention to the safe. A charge of dynamite was placed against the door and exploded. The safe door was blown off, but in the explosion one of the robbers was badly hurt. Passengers on the cars, hearing the noise, rushed out of the day coaches and to the express car. The robbers seeing that there were too many men to attack fled into the fields along the track and escaped. It is believed that one of them was badly hurt by the explosion. A farmer living near by witnessed the robbery and telephoned to the nearest town.

Murder Suspected.

St. Louis, Sept. 23.—A coat, undershirt and a pair of gold buttons engraved "McC." believed to have been the property of James P. McCann, for whose supposed murder Frederick S. Barrington is being held, were found Tuesday about two miles from where the body, supposedly McCann's, was found some months ago. Further search will be instituted by the police.

Injured in Street Car Accident.

New York, Sept. 23.—Ten women and a policeman have been severely bruised and cut by being hurled together in a north bound trolley car which jumped the track in White Plains road, borough of the Bronx. The motorman was thrown from the platform and badly bruised. A small stone on the track is supposed to have caused the accident.

Postoffice Robbed.

Joplin, Mo., Sept. 23.—Robbers blew open the safe of the Baxter Springs post office early Tuesday morning and secured \$800 worth of postage stamps and about \$200 in money. The robbers used nitroglycerine. The explosion badly wrecked the building and blew the safe 30 feet through the wall into an adjoining drug store.

Poisoned by Canned Beef.

La Crosse, Wis., Sept. 23.—Mrs. Mary Russ, Mrs. George Williams and two others were taken violently ill Tuesday night as the result of eating canned beef. All have recovered except Mrs. Russ, who is still in a serious condition. This is the second family in this vicinity poisoned by eating canned beef during the past two weeks.

Rev. James Cantine, of Arabia, who is the guest of Rev. and Mrs. Jas. F. Zwemer of this city will speak next Sunday morning in Hope church and the evening in Third church. During the week Mr. Cantine delivered missionary addresses in the surrounding villages.

The planing mill, situated on the Rabbitt river at Hamilton and owned by Brink and Hagelskamp was undermined and totally destroyed by the high water. The wrecked planing mill was an old structure but had been in operation until the night it was destroyed.

John J. Bakker, a prominent farmer in Olive township, living near Harlem died last Monday at the age of 61. He had been a resident of the township for 15 years and had amassed considerable wealth. He is survived by a wife and six children, Fred, Jacob, Herman, Lewis and Joseph and Mrs. Bazon. The funeral was held Thursday at 11:30 from the house and 1:30 from the New Holland church, Rev. A. Strabbing officiating.

Among the new laws which took effect last week, several deal with school matters. One of the most important provides that any rural school district maintaining a (school five months in each year and having there in children who have completed the studies of the eighth grade, may vote an annual tax for the purpose of paying the tuition and daily transportation of such children to any high school which the board may select.

On Saturday morning Jacob Fleman noticed that thieves had made away with 75 horse whips during the night. Upon investigation it was found that a young fellow had sold that number of whips to Wm. Bourton the second hand dealer. The property was promptly returned to the rightful owner and Mr. Bourton was out of the money. The young fellow had told a plausible story stating that he had been unfortunate at the Grand Rapids fair and that he would dispose of his whips at a low price. Local officers are on the lookout for the thief.

The Grand Rapids Evening Press had the following regarding the athletes who will do the cycle whirl at the Holland fair. "Arthur Rose and Frank Lemon, two Grand Rapids boys engaged in trick bicycle riding, have returned to their home city after a season of unusual length. Indeed it is hardly correct to use the word 'season,' for their experience has extended over the unusually long period of sixty-two weeks. They have been with the (Southern Carnival company, and have traveled from coast to coast, appearing in eighteen different states. They took 800 miles at one jump, going from Sterling, Kan., to Alamogordo, New Mexico. The act of Rose and Lemon consists of unicycle riding and taking the cycle whirl. For the past week they have been appearing at the West Michigan State fair but they are nearing the end of their appearance in such out-of-door work. It is their plan to go into vaudeville Dec. 1, and for this purpose, they have originated a new act upon which they propose to rest their fortune in the entertainment world. The new act is a combination of unicycle riding and new features, and was given a sufficient trial at Seattle to make the boys feel sure of its success. About the holidays they will go upon the Eastern vaudeville circuit. With them in the new venture will be Charlie Parlate, who is a strong man, and who will be used in the heavy work of the act.

Rev. P. Lepeltak, of Alton Ia., well known in this city has accepted the call of the Ref. church at Portage Mich.

John Fleman was sentenced 10 days at Grand Haven by Justice Van Duren because of being drunk and disorderly.

If everything remains favorable the new Catholic church will be enclosed by fall. The building material is on hand and the foundation will be begun next week.

Prof. J. T. Bergen has resigned his position at Hope college and it has been accepted. He will be relieved of a large portion of his duties, continuing only Bible study work and oratory.

The dedication of the organ in the Fourteenth Street Christian Reformed church will occur next week Wednesday evening at 7:30. In the music for the occasion the choir will be assisted by popular singers of this city and an organist of Grand Rapids.

The cottage owners along the piers will greatly appreciate the repairs made on the piers. The sheet piling, which is now almost completed, will effectually prevent the water from undermining the cottages, and keep the sand from being washed into the channel.

The Ladies' Aid society of the Fourteenth street Christian Reformed church, met at the country home of Mrs. Dear this week. The members went in a carry-all and enjoyed a very pleasant afternoon. Next week the society will meet at the home of Mrs. G. Spiermer, South Pine street.

The home of C. Brandt, 24 East Fourteenth street, has been entered by thieves four times during the last three months. Last Monday \$5.00 were taken from a pocket book in a bureau drawer. In all the sum of \$15.50 has been stolen. This far Marshal Van der Haar is unable to locate the thieves.

The council will have to appoint a new night police as Fred Kamferbeek intends to hand in his resignation at the next council meeting. Mr. Kamferbeek will return to the printer's trade, at which he is an old hand. As marshal, night watchman and constable, Mr. Kamferbeek has a good record and has the honor of having worthily served the city during his public career.

Co. G. of Grand Haven, which will begin its long trip to West Point, Ky., on Sept. 30, have received a sample of what their rations will be for camp this year. They consist of hard tack, canned beans, canned tomatoes, canned beef. There will be no dainties unless the boys buy them with their own money, and there will probably be few attainable fancy goods on the grounds at the Federal camp.

Thirty of Grand Haven's leading business men and citizens have formed a home building association and have agreed to build at least one house each this fall. A house famine has prevailed in the city all year and realizing its seriousness the citizens are taking hold of the problem in this way. The houses will not be built in any one particular section but will be scattered over the town.

The Hope college Lecture course of this season promises much for her patrons. It will be by far the best course ever had in Holland, exceeding last year's. The management has secured America's best talent, placing the course in quality on a par with those given in large universities. The course has been arranged with great care to suit the convenience of our business men. Tuesdays and Saturdays have been avoided. The course will open Oct. 21 with Dr. Hillis of Brooklyn, the leading pulpit orator in the country and well known as an author. For Nov. 4 has been secured Montville Flowers. Mr. Flowers is considered by best critics to be the equal if not the superior of Leland T. Powers. It will be remembered that he gave a most acceptable, dramatic impersonation of "Ben Hur" at this place two years ago. Dec. 2, Slayton's Woman Symphony Orchestra. In quality and in price, this is superior to any we have ever had. Dec. 14, Lorads S. Taft. Mr. Taft, the greatest American sculptor, of our time, will give a glimpse from an artists studio and work in clay for the audience. Jan. 15, David Starr Jordan. Mr. Jordan is at the head of Leland Stanford Jr. University and is the highest salaried college president in America. Feb. 3, Mary Stuart, she will impersonate "When Knighthood was in Flower." A careful study of this course is its best recommendation. It is needless to plead its merit and the co-operation of every citizen is urged to make it a success
